PE Days

Information Booklet

At the start of each half term, you will receive an information booklet which contains spelling lists, times tables to be tested, homework project titles and an overview of what will be taught.

Telling the Time

By Year 5, it is important that children are competent when telling the time using analogue and digital clocks as this builds their confidence and independence. Being able to tell the time confidently will also allow your child to access the time portion of the Year 5 Maths curriculum more easily. Plenty of practise at home with you will be of great benefit!
